Company Values

Safety

We look to always maintain the safety of the team and our customers. Our external teams consist of having a minimum of one MEWP IPAF Certificated Operator and one installer on the ground to act as a banksman and ensure team safety in case of an emergency.

Quality Materials

We always use the best quality materials we can source. All our lights are IP65 rated, including connectors and extensions. Meaning our lights are suitable for withstanding harsh weather conditions, dust and cold temperatures.

Communication

We believe clear and open communication is essential for excellent service. We prioritize understanding our customers vision, keeping them informed every step of the way and ensuring their project comes to life seamlessly. We do this by communicating expectations, project outline and any requirements or deadlines to our teams before each installation.

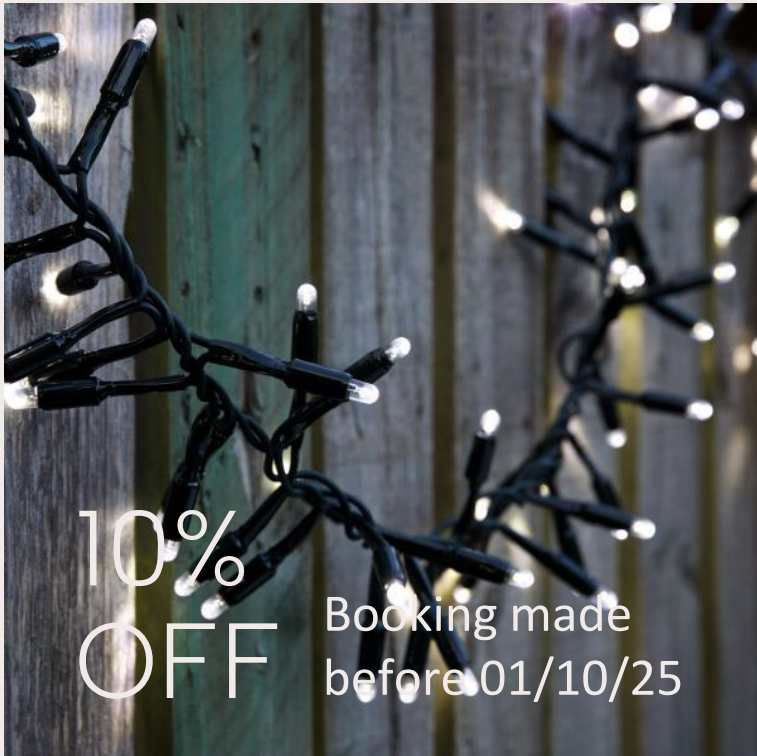

BULB LIGHTS

Our warm white bulb lights are the perfect blend of elegance and versatility. Their inviting, soft glow creates a cozy atmosphere that's ideal for any occasion, from romantic weddings to Christmas celebrations and parties. Designed for both style and functionality, these lights seamlessly complement any setting, adding a touch of magic to your special moments.

CLUSTER LIGHTS

A dazzling option for adding brilliance to any occasion. Available in warm white for a cozy glow or bright white for a crisp, modern look. Whether you're decorating for Christmas, weddings or parties, their dense arrangement of LEDs ensures a stunning visual impact. Often installed onto fascia lines, garlands or railings to transform any space into a captivating display of light and charm.

ICICLE LIGHTS

Featuring cascading strands of light and designed to add depth and sparkle to your festive décor. They create a dynamic and eye-catching display that's perfect for rooflines, bay windows and outdoor spaces. Available in bright white for a modern touch or warm white for a classic, inviting glow, these lights are timeless. Their popularity makes them a must-have for creating a magical Christmas.

STRING LIGHTS

The ultimate combination of light and adaptability, making them a must-have for every occasion. Available in warm white for a cozy and romantic ambiance, bright white for a crisp and modern look or RGB for vibrant, customizable colours, these lights are perfect for everything from enchanting Christmas displays, external trees and bushes to elegant weddings and lively events.

CHRISTMAS ADD-ON'S

Stag's and Doe's

These stunning sculptures bring a touch of sophistication, ideal for Christmas and special occasions.

Nutcracker

Nutcracker soldiers add a timeless elegance to your décor, perfect for bringing festive cheer to Christmas.

LED Signs

Perfect for adding a personal touch on residential and commercial properties with various options to choose from.

Bespoke

Looking for something different, custom-made or have a unique idea in mind, let us create your vision.

WREATHS AND GARLANDS

Devine Signature

Classically Christmas garland and wreaths, utilising baubles in red and gold with a warm white lighting.

Frosted

Wintery pine garland and wreaths with a morning frost, embedded with pinecones and red berries.

Woodland

Inspired by nature, featuring lush greenery, pinecones and earthy tones, evoking the charm of a tranquil forest.

Bespoke

Designed to your vision, blending unique elements and personalized touches to create a one-of-a-kind.

CHRISTMAS TREES

Home

Relax as we set up your Christmas tree, we use your tree and decorations to make your Christmas come to life.

Artificial Trees

Choose from a range of heights from 5ft to 9ft with a range of themes, frosted and non-frosted available.

Real Trees

Enjoy the warm pine aroma of Christmas as you walk down the stairs in the morning, disposal included.
